ENCAPSULATED SLIP RING ASSEMBLY

New Slip Ring Assembly: Revolutionary New Design!

- Lasts 3 times longer than OEM part.
- Solid gold contacts are used to reduce noise and provide better electrical flow.
- Engineered for higher speeds, capable of up to 10,000 rpm.
- Prevents dust and residue from building up on the circuitry of the scanner head.
- New high grade bearings, with high performance lubing system, engineered for speeds up to 100,000 rpm.
